Finding Your Home:

that the menu at the top of the site has expanded to key pages:

- the PSC Group home page,
- your Member Dashboard,
- Available Courses, and
- ability to record CPD completed off-site – person training etc.

Group home page

that houses news, announcements, and resources for the PSC. It is also where you can browse courses available.

Your Member Dashboard

Gives you access to your information: current and completed courses, link to print your CPD list and course certificates.

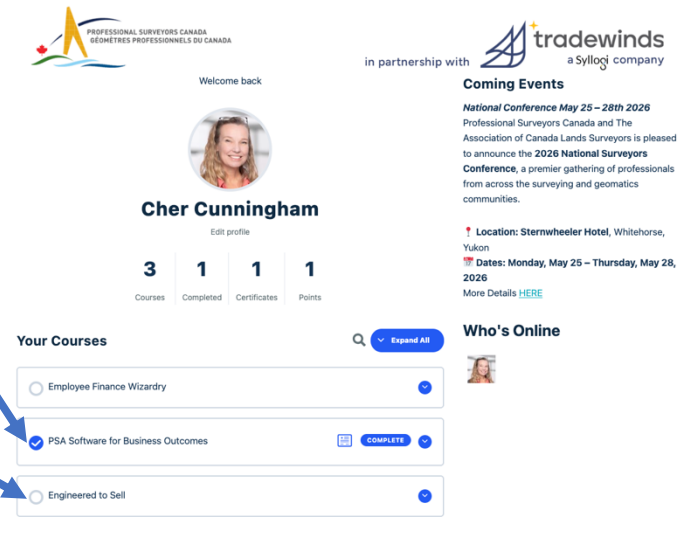

Start to Play

When logged in on the site you will have immediate access to a free course that allows you to explore the user experience.

PSA Software for Business Outcomes.

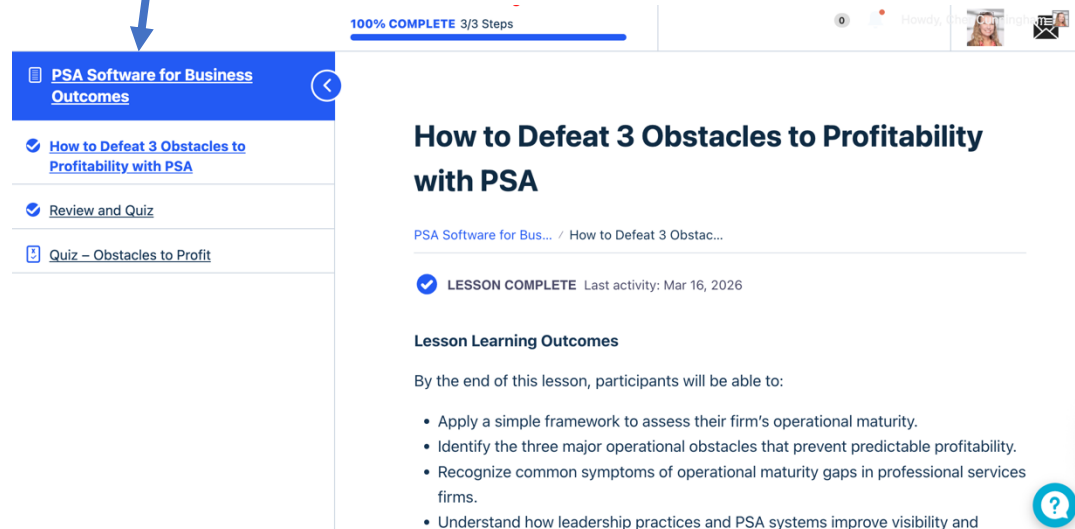

You also have access to Purchase Additional Courses for immediate On-Demand Access from the **PSC Courses Page**

To participate in the course, you access it through your Member Dashboard.

Click on the course and scroll to Course Content to open the course in Focused Learning mode.

The **layout of lessons** on the left allows you to choose your own path through the course. The **course title** returns you to the main site again – bringing back the full navigation at the top of the page.

View & Add External CPD Hours

Add CPD through a simple form you access through the menu link mentioned above. Your CPD Link is available on your Member Dashboard beneath your enrolled courses access.

Below is the list of CPD you have earned on this site. To see your full list click: [Go to your personalized page](#)
